P R E F A C E .

This Catalogue has been prepared in pursuance of the following resolution of the Board of Directors of the Seminary, passed April, 1884:

Resolved, That Rev. S. J. M. Eaton, D. D., Rev. John M. Barnett, and Rev. Thomas A. McCurdy, D. D., be appointed a Committee to prepare a Biographical Catalogue of the Students of the Seminary.

It is due to the other members of the committee to state that the work having fallen mainly on the chairman, he alone should bear the responsibility of any imperfections pertaining to its execution. The second member of the committee had the cares of other engagements pressing upon him and could give little time to the work. The remaining member felt that his time was wholly occupied with other cares and duties, and wished to be excused from the work.

There were peculiar difficulties connected with the execution of the task. It is the first Catalogue that has been attempted, beyond the mere roll of the alumni, and no assistance was at hand, save the imperfect histories of some of the classes, prepared for the reunion of 1872. The death of the lamented Dr. S. J. Wilson and the loss of manuscript matter that he had been collecting for many years, with reference to this work, was sorely felt. As it is, almost the entire Catalogue has been the result of original investigation, when oftentimes there was no sympathy with the undertaking amongst those who should have been specially interested.

The Catalogue contains the names of all the students matriculated in the Seminary from its origin. The names found under a certain year are the *matriculates* of that year. Some may be disappointed in not finding the names of the graduating classes together. Such an arrangement, however desirable in some respects, was impossible. Many entered for a partial course; others passed to or came from sister Seminaries, and the desire was to embrace all. Hence the arrangement on which this plan was carried out.

There has been an honest and persistent effort to procure the full record of every student whose name was found on the roll. The plan of this record was: 1. Full name. 2. Date and place of birth. 3. College and date of graduation. 4. Seminary dates. 5. Date of licensure and Presbytery. 6. Date of ordination and Presbytery. 7. Fields of labor and dates of each. 8. Date of marriage and name of wife. 9. Books published. 10. In case of death, date and place.

But the lapse of nearly sixty years has caused the dust to gather on many a life history. Many of the early fathers died and left little record, save on the Minutes of the General Assembly. Ministers of other denominations have been students and some have sought other professions, and in many instances, the simple name was all that could be found.

Nearly all the histories are drawn from the individuals themselves. In the case of a few who could not be reached, resort was had to the old volumes of the Assembly's Minutes. In such cases there may be a few inaccuracies in dates. Every effort has been made, however, to secure accuracy in every particular.

The abbreviations not found in the table will be easily understood. The term "Sem." in all cases means the "Western Theological Seminary." Other Seminaries are indicated by their usual abbreviations. To avoid repetition, when a State is mentioned in connection with a particular congregation, the State is not mentioned in succeeding charges until a change to a new State occurs. The same is true in regard to the relation, whether P. or S. S.; where either one occurs the relation is not repeated unless a change occurs. Where a relation continues up to the time of closing the Catalogue, it is

indicated by a dash ; thus, P. '81—, indicating that the relation of pastor commenced in '81 and is still in existence.

Thanks are tendered to brethren for promptness in sending their data ; also to Stated Clerks who are always patient under repeated calls for information from their old records. Help was derived from Princeton and Auburn Seminaries and Hanover College Catalogues, whose compilers had gleaned over a portion of the same field.

The work is now committed to the officers, alumni and friends of the Seminary and the Church at large, as a contribution to the history of an institution that has made a very deep impression upon the character and influence of the Presbyterian Church in the United States, and whose work to-day is so grandly felt in the great mission of evangelizing the heathen world and in adding to the dominion and glory of Zion's King.

S. J. M. EATON.

FRANKLIN, PA., August, 1885.

HISTORICAL NOTE.

The General Assembly of 1825 resolved to found a new Theological Seminary for the West, to be called "The Western Theological Seminary." A Board of Directors were elected, and a committee appointed to select a site. This committee consisted of Gen. Andrew Jackson, of Tennessee; Hon. Benjamin Mills, of Kentucky; Hon. John Thompson, of Ohio; Rev. Obadiah Jennings, D. D., and Rev. Andrew Wylie, D. D., of Pennsylvania.* Offers of land and money were made from different localities. From these Allegheny was selected. This site was confirmed by the General Assembly of 1827. The offer from Allegheny consisted of \$20,000 in cash and eighteen acres of land. The site selected for the building was the summit of what is now Monument Hill, overlooking the cities of Pittsburgh and Allegheny, as well as the three rivers, Ohio, Allegheny and Monongahela. In 1849 the land was returned to the city, on condition of retaining one acre for building purposes, and a perpetual loan of \$35,000, with a semi-annual interest of \$2,100 per annum.

The original building on the crest of the hill was occupied in 1831 and destroyed by fire in 1854. The present building was erected in 1854, at a cost of \$22,000. Near it are four houses, used by the Professors as dwellings. A short distance from these are three other buildings: A library hall, Memorial Hall, erected through the munificence of the late Rev. C. C. Beatty, D. D., and his wife, and a building used as a dwelling by one of the Professors.
